HENDRIK LOUIS MAHDI

L1 IT Support & Helpdesk | Full-Stack Web Developer

+62 851-5656-1231 | hendrikmahdi@gmail.com | LinkedIn | GitHub | Portfolio | South Tangerang, Banten, Indonesia 15423

L1 IT Support / Helpdesk professional (Infrastructure & Applications) with a software development background in PHP, Laravel, JavaScript, React, and Python. "I read the logs before I reassign the ticket" — currently supporting servers, networks, and Laravel/PHP applications through log analysis, incident triage, and SLA-driven ticket management at Lintas Media Danawa. Combines hands-on troubleshooting across Windows, Linux, and macOS with full-stack development experience building end-to-end web applications (not tutorial clones). Fast learner, adaptive, and eager to grow across support engineering and software development.

EXPERIENCES

L1 IT Support / Helpdesk — Infrastructure & Applications — Lintas Media Danawa

Depok, West Java, Indonesia — On-site, Contract | October 2025 – Present

- Manage support tickets in ServiceDesk Plus and eBesha CRM to meet SLA targets
- Troubleshoot issues across Windows, Linux, and macOS environments
- Execute database checks and queries on MySQL and PostgreSQL systems
- Support Laravel and PHP web applications through log analysis and bug identification
- Monitor servers, networks, and applications for anomalies
- Escalate issues to L2/L3 teams as needed

Web Development Intern — PT Dinamika Tiara Universal

Tangerang, Indonesia | March 2023 – June 2023

- Designed the website layout and user interface using modern HTML, CSS, and JavaScript practices to ensure a seamless user experience
- Utilized responsive web design techniques to make the website fully functional across devices (desktop, tablet, mobile)

Network Administrator — Indonesia University of Education

Bandung, Indonesia | February 2018 – March 2018

- Gained hands-on experience with networking fundamentals, including TCP/IP protocols, network topologies, and troubleshooting techniques
- Assisted in configuring and maintaining routers and switches, enhancing network performance and reliability
- Contributed to server administration tasks, including user management, system updates, and performance monitoring
- Learned about firewall configuration and management, helping to strengthen network security
- Developed a solid foundation in IT infrastructure, combining theoretical knowledge with practical applications in a real-world environment

EDUCATION

Bachelor of Informatics Engineering — Pamulang University

South Tangerang, Indonesia | August 2020 – December 2024 | GPA: 3.62

Computer Network Engineering — Prima Unggul Vocational High School

South Tangerang, Indonesia | 2016 – 2019

PROJECTS

OmniLog

Privacy-first log analytics platform running entirely in-browser. Parses and visualizes NGINX, Apache, UFW, and Syslog files up to 100 GB with zero uploads or telemetry.

Tech Stack: React 19, TypeScript 6, Vite 8, React Router 6, Chart.js 4, TanStack Virtual, Bootstrap 5.3, Workbox PWA, IndexedDB

Source Code – github.com/helouism/omnilog | Live Demo – omnilog.my.id

TheFaucet

Cryptocurrency faucet platform enabling users to earn rewards through timed claims, daily bonuses, and referrals, with FaucetPay withdrawal integration.

Tech Stack: Laravel 12, PHP 8.4, Livewire 3, Alpine.js 3, Tailwind CSS 4, Filament 3, PostgreSQL 17, Redis 7, Laravel Reverb, FaucetPay API

Live Demo – thefaucet.net | Source code is private

SKILLS

Support & Operations: L1 Helpdesk, ServiceNow, ServiceDesk Plus, eBesha CRM, SLA Management, Incident Triage, L2/L3 Escalation, Server/Network/App Monitoring (Grafana, Prometheus, PRTG, SolarWinds, Pandora FMS)

Systems & Infrastructure: Windows, Linux, macOS, VMware, Proxmox, SSH/FTP/SFTP, TCP/IP, Routers & Switches, Firewall Configuration, Hardware & Software Support

Databases: MySQL, PostgreSQL, SQLite, Oracle, SQL query writing, Navicat, DBeaver

Development: PHP, Laravel, CodeIgniter 4, Python, Django, JavaScript, TypeScript, React, HTML/CSS, Git, Debugging & Log Analysis

Soft Skills: Problem-solving, teamwork, fast learner, adaptive

Languages: Indonesian (Native), English (Proficient)

ACTIVITIES

- February 2019 – Participated in the Junior Short Diplomatic Course Simulation of The 11th Bali Democracy Forum at Budi Luhur University, representing Prima Unggul Vocational High School

CERTIFICATION

- EF SET English Certificate 72/100 (C2 Proficient) – English First
- IT Help Desk for Beginners – LinkedIn Learning
- BNSP Certification – Programmer
- TOEFL iTP
- Belajar Machine Learning untuk Pemula – Dicoding
- Belajar Dasar Visualisasi Data – Dicoding
- Problem Solving (Basic) – HackerRank
- Python (Basic) – HackerRank
- Python Practice: Operations – LinkedIn Learning
- Sertifikat Pelatihan dan Praktik Kerja Industri – Universitas Pendidikan Indonesia
